WELCOME!

Café Lotti is more than just a coffee shop.

Since 2015, the Café has been a local gathering place for the East Burke community and beyond including the many folks who come to town to mountain bike, ski, snowmobile or visit friends.

Since the beginning, from the coffee beans to the art on the walls, we wanted the Cafe to reflect who we are and what we support.

We meticulously researched coffee equipment, roasting techniques and beans so we could serve *the best* Italian espresso and specialty coffee drinks. We are proud to feature Josuma Coffee's Malabar blend and brew it in a top of the line machine, La Marzocco (aka: Dorothy).

Our menu has evolved over time according to the community wishes. It started with just coffee and pastries, but we now offer a variety of breakfast items, hearty sandwiches, salads and more. Everything we make features fresh, high quality ingredients and local products as much as possible.

Look around and you will see the walls are covered with paintings and photography. Shelves are stocked with pottery, wood carvings, hand-made soaps, jewelry, specialty foods and so much more. All of these wonderful creations are made by local Artists, Craftspeople, Farmers and Food Producers. And it's all for sale!

We're proud of a lot of things, but most of all we are proud of our wonderful staff and our reputation for outstanding customer service. Our staff and customers are like family and they have made Café Lotti what we wanted it to be and what it is – a welcoming space where you can enjoy lunch with family or sip a latte and play a game of chess with your neighbor.

Please make yourself at home. Find a seat on the couch, read a book or surf the web. Get comfy and stay as long as you like.
